Applicants would also like to bring to the Examiner's attention reference 9, which Applicants do not believe qualifies as prior art but that the Examiner may wish to consider.

Applicants direct the Examiner to these patents and applications to consider whether the subject matter claimed, now or as may be amended in the future, as well as the associated prosecution history, now or in the future, may be relevant to the patentability of the present application (e.g., for reasons of double patenting). Applicants believe that the Examiner has access to the applications and associated file histories through the Patent Office (e.g., the IFW system). Accordingly, Applicants has not provided copies of these applications or their associated file histories. Applicant would be happy to provide copies of any of these applications or their associated file histories, now or in the future, should the Examiner so request. Applicants have listed all of the corresponding publication numbers that it is presently aware of.

This Information Disclosure Statement is being filed before the mailing date of a final action and before the mailing of a Notice of Allowance. This Statement is accompanied by the fees set forth in 37 C.F.R. § 1.17(p). The Commissioner is hereby authorized to charge any additional fees which may be required or to credit any overpayment to Account No. 11-1410.

Respectfully submitted,
